#### **Chugiak Benefits Association – Building Maintenance and Renovation (HD 16)**

##### **The public purpose:**

The Chugiak Benefits Association (CBA) buildings are over 50 years old and in need of constant maintenance and repairs. Specifically, CBA will try to use the appropriated funds for either roof repair or a new roof on one of the buildings, if additional funding sources can be found. In addition, there is a need for general update and maintenance in each of the buildings.

##### **The results that will be achieved by investment of public dollars in this purpose:**

The CBA buildings are used for a variety of purposes in the Chugiak area and the community depends on these buildings being available for all kinds of activities. Maintenance on these buildings will assure continued use without a concern for public safety.
